

SUSAN A. MURPHY

(734)647-3684, samurphy@umich.edu

<http://www.stat.lsa.umich.edu/~samurphy/>

HE Robbins Professor of Statistics

& Professor of Psychiatry

Department of Statistics

The University of Michigan

Ann Arbor, MI 48109

Research Professor

Institute for Social Research

The University of Michigan

Ann Arbor, MI 48106

RESEARCH INTERESTS:

Causal inference concerning dynamic or individually tailored treatment regimes. Sequential decision problems arising in the design of dynamic treatment regimes. Inference for high dimensional models.

EDUCATION:

Ph.D., Statistics (1989), "Time-Dependent Coefficients in a Cox-Type Regression Model" (P.K. Sen, advisor) University of North Carolina, Chapel Hill, NC

B.S., Mathematics (1980), Louisiana State University, Baton Rouge, LA

PROFESSIONAL POSITIONS:

Fall, 2005 -	H.E. Robbins Professor of Statistics, Dept. of Statistics and Research Professor, Institute for Social Research, and Professor of Psychiatry, Univ. of Michigan
Fall, 2004 -	H.E. Robbins Professor of Statistics, Dept. of Statistics and Research Professor, Institute for Social Research, Univ. of Michigan
Fall, 2001 - 2004	Professor of Statistics, Dept. of Statistics and Research Professor, Institute for Social Research, Univ. of Michigan
Spring, 1997 - Fall, 2001	Associate Professor of Statistics, Dept. of Statistics and Senior Associate Research Scientist, Institute for Social Research, Univ. of Michigan
Fall, 1996 - Fall, 1997	Associate Professor of Statistics, Pennsylvania State Univ.
Fall, 1989 - Summer, 1996	Assistant Professor of Statistics, Pennsylvania State Univ.
Fall, 1987 - Spring, 1989	Graduate Research Assistant, Dept. of Biostatistics, Univ. of North Carolina
Fall, 1985 - Fall, 1987	Mathematical Statistician, National Institute of Environmental Health Sciences
Fall, 1983 - Fall, 1984	Instructor, Loyola University, New Orleans
1982 - 1983	Biostatistician, Louisiana State University Medical School, New Orleans

HONORS, FELLOWSHIPS and INVITATIONS:

2011: Elected a Member of the International Statistical Institute.

2007-8: Invited Fellow at the Center for Advanced Study in the Behavioral Sciences, Stanford University

2005: Presented the Clifford C. Clogg Memorial Lecture, Sociology and Statistics Departments, Pennsylvania State University

2004: Awarded a University of Michigan Collegiate Professorship.

2002: Elected a Fellow of the American Statistical Association.

2000: Elected a Fellow of the Institute of Mathematical Statistics.

1999: NSF Mid-Career Methodological Opportunities Fellowship, to visit the Population Studies Center, Univ. of Michigan. This Fellowship was to enhance the transition from primarily theoretical research to both applied and theoretical work on causal inference problems in the social sciences.

1998: IMS Special Invited Lecture at the Joint Statistical meetings of ASA, IMS, ENAR, and WNAR in Dallas, TX.

March, April, 1997: Invited Visiting Professor at Chalmers University of Technology in the Mathematics Dept. Chalmers obtained monies to sponsor a semester on Medical Statistics. There were no teaching duties.

May, 1996: Invited Visiting Professor at Universite' de Paris-Sud, in the Mathematics Dept. Pascal Massart and Aad van der Vaart obtained funding for me to visit and conduct research.

Spring, 1995: Invited Visiting Professor at the Free Univ. (Amsterdam) in the Mathematics Dept. Aad van der Vaart obtained funding for me to visit and to conduct joint research for four months.

Oct. 1993: Invited Visiting Professor at the Free Univ. (Amsterdam) in the Economics Dept. Geert Ridder obtained funds for me to mentor his Ph.D. student and conduct research while he was abroad.

Fall, 1991: MSRI Postdoctoral Fellowship in Berkeley, CA. During this time MSRI sponsored a special year on empirical processes and semiparametric models in survival analysis.

Summer and Fall, 1990: NSF-NATO Postdoctoral Fellowship in Utrecht, The Netherlands. This fellowship was to visit Richard Gill and conduct research.

Fall, 1985- Spring, 1986: George E. Nicholson, Jr. Fellowship. This fellowship was awarded to students for outstanding performance on the Ph.D. qualifying exam.

SERVICE TO THE SCIENTIFIC COMMUNITY (since 2005):

2010	Member of the Scientific Organizing Committee for International Conference on Health Policy Statistics 2011
2009-2010	Member of the NAS Oversight Committee on the Handling of Missing Data in Clinical Trials
2009-	Member of the NIMH Interventions Committee for Adult Disorders
2009-2011	Member of the Columbia University HIV Center for Clinical and Behavioral Studies's external PSMB.
2008-	Member of the SAMSI National Advisory Council
2012-	SAMSI National Advisory Committee Co-Chair
2007	Member of the Scientific Committee, International Society for Clinical Biostatistics Meeting in Greece
2007-2009	Editor of <i>The Annals of Statistics</i> (with B. Silverman)

2007	Co-Editor of a supplemental volume of <i>Drug and Alcohol Dependence</i> on Adaptive Treatment Strategies (with L. Collins and A.J. Rush).
2006-2007	Co-organizer of the SAMSI program on Challenges in Dynamic Treatment Regimes and Multistage Decision-Making in June, 2007
Aug., 2005	Organizer of the ENAR invited session on Dynamic Treatment Regimes at the JSM, Minnesota.
July, 2005	Organizer of the EMS invited session on Causal Inference and Dynamic Treatment Regimes, Norway.

RESEARCH GRANTS AND AWARDS SINCE 2005:

Project Leader of Research Component(7/1/10-8/31/15) NIDA: "SMART Methodology for Constructing Adaptive Interventions" This is one research component of a P50 center at The Pennsylvania State University. In this project we consider how best to incorporate multiple competing outcomes in developing adaptive interventions, we provide improved measures of confidence and we disseminate these methods via software and analyses of clinical trial data. (over 5 years this component has: \$1,765,822 direct costs)

Principal Investigator (5/1/07 - 4/30/12) NIMH: "Learning Adaptive Treatment Strategies in Mental Health." The goal of this project is to improve the adaptive, sequential clinical decision making that occurs in clinical practice, particularly regarding the management of patients suffering from chronic mental health disorders. This project will be conducted by a collaborative team involving a computer scientist, two psychiatrists and a statistician. (over 5 years: \$1,847,525 direct costs).

Co-Investigator (9/1/06-8/31/09) NIMH: "Antidepressants, Concurrent Treatments, and Completed Suicide in VA Registry Data" Valenstein(PI).

Research Component Leader (9/30/05-10/01/10) National Institute on Drug Abuse "Methodology for Developing Adaptive Interventions" This is one research component of a P50 center at The Pennsylvania State University. (Over 5 years this component has: \$1,086,662 direct costs).

Principal Investigator (9/30/04 - 7/31/07) National Institute on Drug Abuse R21 grant, "Methodology for Adaptive Treatment Strategies." This grant is to form a network of health scientists (mental illness, substance abuse, HIV infection), statisticians, computer scientists and engineers to proactively identify and begin to address the methodological challenges confronting the development of adaptive treatment strategies. (Over 2 years: \$150,000 direct costs)

Co-Investigator (09/01/03 - 08/31/08) NCI grant "Michigan Center for Health Communications Research." This is a P-50 center with Victor Strecher, P.I. (Over 5 years \$7,637,298 direct costs; I have a developmental project. The developmental has an approximate budget of \$300, 000 direct costs).

Independent Scientist, (9/30/02-5/31/07) National Institute on Drug Abuse K02 Mid-Career Award, "Reducing Drug Abuse with Individually Tailored Treatments." (Over 5 years: \$ 615,000 direct costs, \$ 49,200 indirect costs)

PRESENTATIONS:

Invited Papers Presented at Professional Meetings since 2005

- | | |
|--------------|---|
| April, 2012 | ENAR Session in Memory of T. TenHave on Sizing Sequential, Multiple Assignment, Randomized Trials for Survival Analysis |
| March, 2012 | 10th Annual ASA CT Chapter Mini-Conference |
| March, 2012 | Invited Participant at the Oberwolfach meeting on Frontiers in Nonparametric Statistics, Oberwolfach, Germany |
| August, 2011 | Joint Statistical Meeting: JASA, Theory and Methods Invited Session (joint with E. Laber) |
| August, 2011 | mHealth Evidence Workshop, NIH Campus, Bethesda
SMART Designs for Advancing mHealth Adaptive Interventions |
| May, 2011 | Society for Clinical Trials Annual Meeting Session on Practical Application of Adaptive Treatment Strategies in Trial Design and Analysis |
| May, 2011 | Causal Inference in Health Workshop at the CRM, Montreal |

Session on Time Varying Treatments and Optimal Treatment Strategies
 April, 2011 Society for Behavioral Medicine Session: Drawing on Ideas from
 Engineering and Computer Science to Build Better Behavioral Interventions
 March, 2011 ENAR Session: Recent Method Development on Reinforcement Learning
 and Personalized Medicine
 August, 2010 European Meeting of Statisticians Session: Causal Inference and Dynamic
 Models (presented by E. Laber)
 August, 2010 Joint Statistical Meetings Session: Topics in Nonstandard Asymptotics
 (presented by E. Laber)
 July, 2010 From Probability to Statistics and Back: High-Dimensional Models
 and Processes, Conference in honor of Jon Wellner, Seattle WA
 June, 2010 NIDA/OBSSR Conference on Behavioral Intervention Optimization:
 Capitalizing on Engineering, Computer Science and Technology
 June, 2010 International College of Neuropsychopharmacology 2010 Biennial
 International Congress, (presentation by Daniel Almirall)
 June, 2010 Society for Prevention Research Annual Meeting Session:
 Innovative Methodology for Adaptive Interventions Drawing from
 Engineering and Computer Science (presentation by Inbal Nahum-Shani)
 May, 2010 NIH Pain Consortium: 5th Annual Symposium on
 Advances in Pain Research
 March, 2010 Third Midwest Statistics Research Colloquium
 Jan., 2010 International Conference on Health Policy and Statistics
 Oct., 2009 60th Anniversary Celebration of the UNC Biostatistics Department
 Oct., 2009 NIH Roadmap meeting, "Facilitating Interdisciplinary Research:
 Methodological and Technological Innovation in the Behavioral and Social Sciences."
 Sept., 2009 15th Annual Duke Nicotine Research Conference
 Aug., 2009 Joint Statistical Meetings, Washington DC., USA
 August, 2009 Mathematisches Forschungsinstitut Oberwolfach: Challenges in Statistical
 Theory: Complex Data Structures and Algorithmic Optimization(presented by E. Laber)
 June, 2009 American Control Conference
 June, 2009 UW CSSS 10th Anniversary Conference
 May, 2009 Keynote Lecture at the 11th Annual Statistics in Psychiatry Symposium
 Columbia University, Brown University, New York University,
 and the University of Pennsylvania, Philadelphia, PA
 March, 2009 ENAR Session: Application of Dynamic Treatment Regimes
 January, 2009 University of Florida Winter Workshop
 October, 2008 Session: Mathematical and Statistical Models for Mental Health
 at INFORMS Annual Meeting 2008, Washington, DC
 July, 2008 Keynote Speaker at PolMeth XXV, Michigan
 (The Society for Political Methodology Annual Meeting)
 May, 2008 Session: Statistical Applications in Psychiatry
 at the ICSA 2008 Applied Statistics Symposium, Piscataway, NJ
 May, 2008 Session: Innovative Methods
 at the Society for Prevention Research, San Francisco, CA

(organized paper symposium)

May, 2008 Plenary Speaker at Benelearn08, Spa, Belgium
(Belgium-Netherlands Machine Learning Conference)

March, 2008 Session: Dynamic Treatment Regimes: Practice and Theory
at ENAR, Washington, DC

March, 2008 98th Annual Meeting American Psychopathological Association, New York

Jan., 2008 Plenary Speaker
Platinum Jubilee Conference at the Indian Statistical Institute, Calcutta

May, 2007 Session: Optimizing Therapy
Harvard Biostatistics/Schering-Plough Conference

March, 2007 Session: Dynamic Treatment Regimes
at ENAR, Atlanta, GA

Feb., 2007 International Society for CNS Clinical Trials and Methodology

January, 2006 Conference on Theoretical Statistics at University of Florida

January, 2006 Causality Conference at Johns Hopkins

August, 2005 Conference on Statistical Analysis of Complex Event History
Data at the Norwegian Academy of Science
and Letters, Oslo, Norway

August, 2005 Session: Recent Advances in Causal Inference
at the JSM, Minneapolis

March, 2005 Session: Evaluating Causation, at the 10th Biennial CDC
and ATSDR Symposium on Statistical Methods

Invited Seminars Since 2005

Feb., 2012	Statistical Science Cornell University	Adaptive Confidence Intervals for Non-regular Parameters
Dec., 2011	Biostatistics Department Univ. of Pittsburgh	Collecting and Using Data to Inform Sequential, Individualized, Clinical Decision Making
Dec., 2011	HIV Training Program Columbia University	Getting SMART about Adapting Interventions
Nov., 2010	Biostatistics Department Johns Hopkins	Inference for Dynamic Treatment Regimens
Nov., 2010	Statistics Department Columbia University	Inference for Dynamic Treatment Regimens
Nov., 2010	Statistics Department Colorado State University	Inference for Dynamic Treatment Regimens
Oct., 2010	Statistics Department Michigan State University	Inference for Dynamic Treatment Regimens
Oct., 2010	Mathematics Department Texas Tech University	Inference for Dynamic Treatment Regimens
April, 2010	Center for Clinical Trials Network NIDA	Practical Application of Adaptive Treatment Strategies in Trial Design and Analysis
April, 2010	Statistics Department Purdue University	K. C. S. Pillai Memorial Lecture

Jan., 2010	Center for Advancing Longitudinal Drug Abuse Research, UCLA	Developing Evidence-Based Adaptive Treatment Strategies
Sept., 2009	Johns Hopkins Biostatistics	Revisiting an Old Topic: Probability of Replication
Sept., 2009	Behavioral Pharmacology Research Unit at Johns Hopkins University	Exploratory Analyses Aimed at Generating Proposals for Individualizing and Adapting Treatment
March, 2009	Rutgers University, Statistics	A Prediction Interval for the Misclassification Rate
March, 2009	Rutgers University, Statistics	A Prediction Interval for the Misclassification Rate
Feb., 2009	Univ. of Columbia, Biostatistics	A Prediction Interval for the Misclassification Rate
Feb., 2009	NY State Psychiatric Institute	Adaptive Treatment Strategies: Challenges in Data Analysis
Nov., 2008	Georgia ASA Fall Meeting	Variable Selection for Tailoring Treatment
Nov., 2008	Emory, Biostatistics Dept.	A Prediction Interval for the Misclassification Rate
Oct., 2008	NCState, Statistics Dept.	A Prediction Interval for the Misclassification Rate
Dec., 2007	NIAID BRB	Experiments & Dynamic Treatment Regimes
Nov., 2007	Univ. of Alberta, CS Dept.	Possible Roles for Reinforcement Learning in Clinical Research
Feb., 2007	NIDA DESPR	SMART Experimental Designs for Developing Adaptive Treatment Strategies
Dec., 2006	MD Anderson Cancer Center	SMART Designs for Developing Dynamic Treatment Regimes
April, 2006	National Development and Research Institutes, NY, NY	SMART Designs for Developing Adaptive Treatment Strategies
April, 2006	Dept. of Statistics Harvard University	Experiments and Dynamic Treatment Regimes
Feb., 2006	Mathematics Dept. Oberlin College	Tamura/Lilly Lecture
Dec., 2005	Southwestern Medical Center University of Texas	Developing Adaptive Treatment Strategies using MOST
Nov., 2005	Dept. of Statistics Yale University	Experimental Designs Experiments and Dynamic Treatment Regimes
May, 2005	Dept. of Health Studies Univ. of Chicago	Experiments and Adaptive Treatment Strategies
Feb., 2005	Center for Active Learning and Discovery, CMU	A Finite Sample Upper Bound on the Generalization Error for Q-Learning

Other Presentations and Workshops Since 2005

Nov., 2011	Workshop on Adaptive Treatment Strategies Association for Behavioral and Cognitive Therapies 2011 Annual Meeting	
June, 2011	Workshop on Getting SMART About Developing Individualized Sequences of Adaptive Health Interventions at the College on Problems in Drug Dependence Annual Meeting Organized and (partially) given by D. Almirall and S. Murphy	
June, 2011	Workshop on Developing Dynamic, Sequential Treatments that Optimize Mental Health Outcomes: Experiences with a Novel Clinical Trial Design at NCDEU Organized and (partially) given by D. Almirall and S. Murphy	
June, 2011	Workshop on Getting SMART About Developing Individualized Sequences of Adaptive Health Interventions at the University of Minnesota NIMH-Prevention Center Summer Institute Organized and given by D. Almirall and S. Murphy	
April, 2011	Society for Behavioral Medicine Workshop on Getting SMART About Developing Individualized Sequences of Health Interventions Organized and given by D. Almirall and S. Murphy	
Dec., 2010	NIPS workshop on, Learning and Planning from Batch Time Series Data Organized by D. Lizotte, M. Bowling, S. Murphy, S. Vijan and J. Pineau	
June, 2009	American Control Conference Special Session on Control Engineering and Related Systems Approaches for Improving Behavioral Health	Invited Speaker
June, 2008	NIMH Convergence Workshop Workshop on Adaptive Treatment Strategies	Invited Speaker
June, 2006	46th Annual NCDEU meeting Workshop on Adaptive Treatment Design	Invited Speaker
October, 2005	Cliff Clogg Lecture on Dynamic Treatment Regimes	Three Lectures
August, 2005	RAND Two Day Workshop on Dynamic Treatment Regimes	Sole Speaker
June, 2005	College on Problems in Drug Dependence Workshop on Methodology	Invited Speaker
